## CAPAY VALLEY

The Earliest Fruit Land in California.

Equal in All Respects to the Famous Vaca Valley

Which it Adjoins.

UNPRECEDENTED TERMS:—Interest Only for  
Five Years at 7 per cent.

Capay Valley is situated in Yolo County, State of  
California, about 90 miles by rail from San Francisco,  
and is traversed in its entire length by the Woodland,  
Capay and Clear Lake Railroad, the distance from Es-  
parto to Rumsey being 21 miles.

The Capay Valley Land Com-  
pany is offering the most fertile  
lands in this beautiful valley upon  
terms that enable the purchaser  
to pay for the land out of its own  
product, viz: Interest only for five  
years at 7 per cent. The only  
condition imposed is, that a rea-  
sonable proportion of the land pur-  
chased shall be planted to fruit  
trees or vines. Land may be  
bought on this condition on pay-  
ment of 20 per cent cash and the  
remaining 80 per cent at the end  
of five years, with interest annu-  
ally in advance; at 7 per cent. The  
various tracts owned by the  
Capay Valley Land Company, have  
been subdivided into ten and twenty  
acre lots, which are for sale at  
prices varying from \$50 to \$150  
per acre. Similar unimproved  
land in Vaca Valley has recently  
been sold at from \$400 to \$500  
per acre.

The Capay valley lands are un-  
der the most favorable climatic  
conditions for the prosecution of  
profitable fruit growing; and the  
locality has proved itself to be  
one of the earliest in the State.

The railroad passes through all  
the tracts owned by the Capay  
Valley Land Company, thus insur-  
ing excellent shipping facilities;  
and the land may now be pur-  
chased in the immediate proximi-  
ty of either the following stations:  
Capay, Cadenasso, Surrey, Guinda,  
Sautern, Cashmere or Rumsey.

At many of these places fine or-  
chards of the choicest and earliest  
varieties of peaches and apricots  
may already be seen; and during  
the coming season considerable  
additional acreage will be planted  
out. One of the recent sales made  
by the company was that of Tan-  
cred Tract, containing 600 acres  
to a colony association. This tract  
has been subdivided into forty  
holdings, all of which will be plan-  
ted to fruit trees this season.

The fine orchards on the Guin-  
da Tract, where 800 acres have  
been sold, are especially worthy of  
mention; and it is a significant  
fact that already several of  
the blocks are owned by success-  
ful Vaca valley fruit-growers, who  
expect to make their earliest ship-  
ments from here.

Too much stress cannot be laid  
upon the great advantage to the  
fruit grower of being in an early  
locality. In most cases it makes  
the difference between success and  
failure. The industrious orchard-  
ist of Capay Valley may rest as-  
sured that he will derive all the
